

Epping.VOD.Castus.TV

Welcome to the new On-Line database for ETV-22!

To navigate our new page there are TABS on mid-right on the screen.

- **RECENT**: These are our most recently added shows to the VOD system. Please note while we are populating our new access portal the shows in this area may not be the most recent meetings & episodes shown on ETV-22.
- **PROGRAMS**: Each type of meeting we record appears in its own program folder (such as Board of Selectmen, School Board, Budget Committee, or any of the other meetings). Other events in town (parade, graduation, etc.) will be in Epping Community Life, Epping Government Misc. or Epping School Life. *Please keep in mind events may not stay posted indefinitely, if you want to own a copy you must purchase a DVD through the Selectmen's Office.*
 - Each Program Folder houses the available meetings (episodes) for that board/committee/commission/etc.
 - Episodes have small "+" signs to the right of their name (meeting type & date). Clicking on the + will open a pop-up that offers more details about the meeting or show.
 - Click on an episode to watch it. Many of the meetings will have an agenda pop up on the right of it. If you are only interested in a particular part of the meeting clicking on the agenda item will bring you to the spot where it is talked about (approximately).
- **PLAY-LISTS**: Shows that link together but are not in the same program folder may be liked here. For example, during the holiday season we may place holiday offerings in a playlist, or school events may be offered easily found here.

- **LIVE**: To watch ETV-22 LIVE wherever you are, just click on the “Play ▶” button (mid-left screen). In this tab you can also see the upcoming schedule for the day. Other days may be viewed by clicking on the arrows next to the date on the right side of the screen. Shows shown in Dark Grey area not On-Demand. Shows shown in Light Grey are On-Demand and may be played by clicking on them.
- **ARROW** or **TRIANGLE**: Clicking on the ▼ or ▲ will make the viewing area of the video larger or smaller (respectively). There is also a full screen and sound control logo on the lower right of the viewing area.
- Above the Tabs is a **SEARCH** Bar. You may search for programs here, content within the episodes is best found using the + next to each episode to view the summary report.

Thanks for watch & we hope you will find this new access panel friendly & easy to use.
