

Meeting Minutes May 24th, 2016

Attendees: Scott Pim, Sandy Goodspeed, Gordon Merrick, John Bennett, Todd Hathaway
Absent: Jeff Conrad
Guests Present: none

Meeting called to order at 7:06.

Guests: none

Development near Telly's Restaurant: Nothing to act on, not formally submitted as of date. Only applying to develop the front part of property. The back part is where the wetlands protection comes into consideration, large pieces of Lamprey River frontage and fingers of wetland reaching into property are potentially at risk.

Approval of Minutes 4/12: Approved

Approval of Minutes 5/10: Approved

Developing Trail Maps: Co-op extension is working to get trail maps as well. We've got three on our trail brochure. As of this date, RCP only has rail to trail on trail map layer. Granite/RCP are assumed to share trail map layers. Using GPS to track trails, using applications and then give data to RCP. Trail map for Fox Run trail done by an Eagle Scout project, they should have data. Snowmobile Association, SELT, should have trail data. Create designation of different trail types. Residential development plans will have trail data on them.
Walking Fox Run either 6/4 or 6/5

NRI: Grant applied for, cover letter written, and sample outline attached.
Sandy Goodspeed moves to accept and spend \$2,000 from the Rockingham Planning Commission.
Scott Pim seconded. Unanimously voted for.

Survey Questions: un needed for application, but will be using the survey answers in the town survey in further follow ups.

Logo: Will we have our own logo, or a town logo with conservation theme?

Website Update: Flood plain PDF has been posted, some fonts/details are incorrectly sized.
We will be posting minutes and agendas to the Town Website.

Moving of Filing cabinets: Moved about 10 feet from previous place, just a little more out of view of the public eye

ACTION ITEMS:

Sandy: Ask RPC to publish a map of public/private land. If private, be able to delineate public use applicable.

Check trail map on our old website.
